Professional Experience

Instructional Design

Development of effective instructional materials for workshops, conferences, seminars, classroom and independent study courses, web-based training, web-based information pages, and other types of distance learning formats. Provide online course review, beta testing, and editing services. Trained instructors in delivery of Sales and Analyst classroom-based training. Works with technical subject matter. Tested beta versions of software on Sun, Macintosh and Windows clients.

Web Site Design

Development of creative web pages for individual business as well as corporate informational sites, educational pages, community, and nonprofits. Provide graphic services, photos, simple animation, flash buttons, artistic backgrounds, and continuous web page updates. See samples from the Creative Field web site: <http://www.thecreativefield.com>.

Educational Program Administration

Supervised staff of 16 in diverse functional areas including customer service, automated records management, correspondence courses, and educational program assistants. Developed marketing plans for educational programs and products including books, simulation exercises, and tapes. Coordinated planning and implemented educational programs for a banking school consisting of 1,200 students and 75 faculty. Hired technical staff and managers, wrote and conducted performance reviews, and mediated employee conflicts. As school administrator, provided liaison with universities, hotels, and other organizations.

Computer Systems Management and Training

Conducted computer systems evaluation and training; needs assessments for replacement of computer systems; developed specifications for automated systems; wrote request for proposals (RFPs); and reviewed vendor systems. Trained adult students at Frederick Community College, various trade associations and individual clients in computer related subjects: DOS, Hard Disk Management, WordPerfect, Microcomputer Fundamentals: Lotus 1-2-3, Quattro Pro, dBase IV, Paradox, and various proprietary systems.

Education

MA, 1979 Sociology, Demography, The Pennsylvania State University

BA, 1977 Sociology, The Pennsylvania State University
